Message from FOUNDER

**“Intelligence plus
character- that
is the goal of true
education”**

GMS Group of Institutions, Amroha Uttar Pradesh stepping up into the new modernized teaching methodology. It includes innovation of new things by doing more research. It has created personal learning environment for the students where each student is having the mentor.

GMS Group is focusing not only on the teaching but also giving free soft skills training and personality development classes. GMS Group has re-designed the curriculum by keeping in mind the latest industry trends and needs. All these are added advantages for the students to learn things in the same course fee what they are paying for their core program. My faculty colleagues understand our core vision of empowering our future generation to be ethically, morally and intellectually elite.

They practice the art of teaching with a student-centered and transformational approach. The excellent infrastructure at GMS Group of educational and extra-curricular activities magnificently demonstrates the importance of ambience in facilitating focused learning for our students. The quality benchmarks are applicable to our faculty selection, infrastructure and systems that are set to manage the organization.

We are prepared to accept new challenges and make our Institution a world-class educational centre of knowledge. My heartiest welcome to all our new students in GMS with the excellent faculty, infrastructure and placements. I realize that you are all here to see your future take shape in front of you. GMS, you and I, will together manifest this vision for all. I wish you all success and look forward to a wonderful experience with you.

“Educate and raise the masses and thus alone a nation is possible”

- Swami Vivekananda

**Hon'ble
Shri Mehboob Ali**

Message from CO-FOUNDER

**“Education is
the movement
from darkness
to light”**

Dear Students, Parents and Esteemed Faculty,

It is with great pride and immense pleasure that I welcome you to GMS Group of Institutions, Amroha. At GMS, we believe that education is not just about acquiring knowledge but about building character, fostering innovation, and shaping future leaders. Our institution is founded on the principles of excellence, integrity, and holistic development, ensuring that every student receives the best possible education in a nurturing environment.

From the very beginning, our vision is to create a dynamic learning space where students are encouraged to explore their full potential. We have designed our curriculum to blend academic rigor with practical exposure, equipping our students with the skills necessary to succeed in a competitive world. Our dedicated faculty members, modern infrastructure and industry-aligned programs ensure that learning at GMS goes beyond textbooks and prepares students for real-world challenges.

At GMS, we emphasize not only academic success but also personal growth, leadership and ethical values. We encourage students to participate in extracurricular activities, research projects and community service, ensuring they graduate as well-rounded individuals. Our goal is to instill confidence, resilience and a passion for lifelong learning in every student who walks through our doors.

As we continue to grow and evolve our commitment remains the same – to provide quality education that transforms lives. I invite you to be a part of our journey where together, we can create a brighter future.

Shri Parvez Ali

Message from CHAIRMAN

Shri Shahnawaz Ali
(Chairman)

“The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education”

Dear Students, Faculty, and Esteemed Members of the GMS Family,

It is with great pride and joy that I welcome you to the GMS Group of Institutions, Amroha. Education is the foundation of a prosperous society and at GMS, we are committed to provide a holistic learning experience that empowers students to achieve excellence in their chosen fields.

Our mission is to nurture young minds with knowledge, skills and values that prepare them for the challenges of the modern world. In today's rapidly evolving global landscape education goes beyond textbooks and classrooms. It requires innovation, critical thinking, and adaptability. At GMS, we strive to cultivate an environment where students not only gain academic expertise but also develop the leadership qualities and ethical values essential for success in life.

We take immense pride in our dedicated faculty, state-of-the-art infrastructure and a curriculum that balances theoretical knowledge with practical application. Our institutions offer a diverse range of courses in engineering, management, pharmacy, education and ensuring that students have the opportunity to explore their interests and build strong career foundations.

At GMS, we believe in the power of holistic development. Along with academic excellence, we encourage students to engage in extracurricular activities, sports, cultural events and community service. We aim to provide a learning environment that fosters creativity, confidence and a passion for lifelong learning.

I invite you all to be a part of this incredible journey at GMS Group of Institutions. Let us work together to shape a brighter future for our students and contribute to the progress of our nation. Remember, education is not just about acquiring knowledge; it is about applying it for the betterment of oneself and society.

Wishing you all great success in your academic and professional endeavors.

Message from **GROUP DIRECTOR**

Dr. Harish Kumar
(Group Director)

I have great pleasure in conveying my best wishes to all of you for this wonderful start of a great carrier. The GMS Group of Institution has a reputation for attracting the best students in their different departments. It is a matter of great pride that the college has made consistent progress year to year in academic and co-curricular activities.

Overall development of the individual is the goal of education and we all have to ensure that there is no stone left unturned to equip the student of today for the challenges of life. This will require tremendous self-motivation on the part of all concerned but will be fulfilling for the student as well as the faculty. Our Educational program at the Institutes is designed to produce professionals who will make significant contributions to excel in their chosen fields. It prepares students for dynamic careers typically as Leaders. Students gain theoretical and methodological sophistication from course work and practical knowledge conducted both with faculty members and independently. Through their association with faculty, students explore the frontiers of academic excellence representing an intersection of the basic social science disciplines and the world of business practice. We believe in giving complete national and international exposure to our students making them ready to face all possible challenges in their bright career. The faculty at College has always been a trend setter but what has also been noteworthy is the excellent support and commitment of the non-teaching staff. They will always guide you in right direction helping you achieve your goals. I congratulate the entire faculty and other staff for encouraging and guiding the students in all facts, for their well-rounded development. As Shri Rabindra Nath Tagore rightly said "Everything comes to us that belongs to us if we create the capacity to receive it".... We are committed to develop you not only for your materialistic capabilities but also your spiritual capabilities.

I wish you all the best for achieving greater success and scaling newer heights in your education and career ahead.

With blessings & good wishes.

"The goal of education is the advancement of knowledge and the dissemination of truth"

ABOUT GMS

GMS Group of Institutions, situated in Amroha, Uttar Pradesh, is a distinguished educational organization offering a range of courses in the fields of pharmacy, nursing, and paramedical sciences.

GMS Group of Institution has well built, superior & efficiently maintained infrastructure.

In campus amenities & faculties for the students, teaching & administrative staff has been created. An airy lecture room, well maintain labs & library possessing an array of wide range of books, journals & periodicals. A Computer room with internet facility has been provided for all students.

Our college in Amroha integrates natural sciences, social sciences, and humanities to promote care, respect, and concern for individuals, families, communities, and society.

Graduates possess the ability to integrate theory, concepts, and research findings into practices, shaping the future of nursing and meeting the emerging needs of the healthcare sector.

Our faculty serves as role models, mentors, and teachers, fostering a caring environment where students can develop personally, professionally and intellectually. Our teaching methods encourage critical thinking, inquiry and synthesis of knowledge preparing students for the best placements.

CORE FACULTY

Our faculty consists of distinguished educators, researchers and industry experts dedicated to academic excellence and student success. With deep expertise across disciplines, they foster a dynamic learning environment that encourages critical thinking, innovation and real-world problem-solving.

Beyond teaching our faculty engages in cutting-edge research and industry collaborations ensuring students receive a future-ready education. Through mentorship and experiential learning they equip students with the skills and confidence to excel in their careers. Their commitment to academic rigor and ethical leadership prepare students to make meaningful contributions to their fields and society.

“Wherever the art
of medicine is loved,
there is also a
love of humanity.”

INFRASTRUCTURE & FACILITIES

LECTURE HALL

The Institution has a well-furnished A/C auditorium, spacious gallery type lecture halls, seminar and demonstration rooms.

LIBRARY & E-LIBRARY

Internet Facility is available to the staff and students to broaden their horizon of knowledge and download learning material of their choice. The College has E-library with internet connection and also provides Wi- Fi connectivity to enable students to connect their laptops to do their research work

HEALTH CHECKUP

The institutes provides medical facility to each student through a full time medical officer in the campus. Medical aid is made available to all students when required on subsidized payments. It is compulsory for each students to undergo regular medical checkups as per the schedule fixed by the institute.

LIBRARY

Central library besides departmental library is one of the assets. National and International journals, magazines and newspapers are also subscribed in the library. The staff and students are entitled to make use of the library facility by taking library membership. The library also offers the facility of reference books and book bank. Library has a spacious reading room with modern seating arrangements.

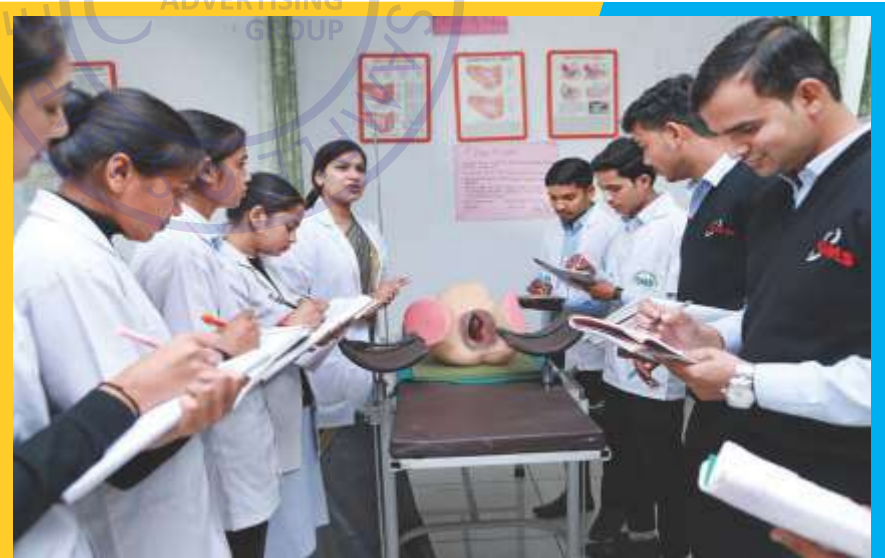

OBG & PEDIATRIC LAB

The lab is equipped with instructional videos and DVDs, supplies and equipment as well as practice manikins and pelvic models. Provides students with a realistic, simulated clinical environment to practice and demonstrate competency of selected nursing skills.

FUNDAMENTAL OF NURSING LAB

It has all the necessary teaching aids and is well equipped with all materials required for the understanding of fundamentals in healthcare.

HOSTEL

The college has well furnished separate hostels for boys and girls, the accommodations in boys and girls hostels is 140 and 120 respectively. Hostels provide the facilities of 24 hour running mess, indoor and outdoor games, medical treatment, telephone and round the clock access to internet. (Students seeking admission in the hostel will have to fill a form separately which is provided in this prospectus).

SPORTS

College has a sports activity cell headed by a full time sports officer. Students are encouraged to participate in games & sports activities like cricket, volleyball, table tennis etc. They have brought home many trophies and medals in local and state level tournaments.

ANATOMY LAB

Various organ models and anatomical charts are available as teaching aids for the understanding of the fundamentals in healthcare.

ADVANCE NURSING SKILL LAB

Students can practice and learn advance skills like administration of tube- feeding, tracheostomy, gastrostomy, I.V. injection, BLS, newborn resuscitation model, etc.

SMART CLASS ROOM

Well-ventilated classrooms with a capacity of 60 students each.

CAFETERIA

Cafeteria is a food service area which students, faculty and staff can purchase and eat meals often offering a variety of snacks, beverage and meals at reasonable prices.

GMS COLLEGE OF PHARMACY

Pharmacy is a healthcare profession that focuses on the preparation, dispensation, and proper utilization of medications. Pharmacists are crucial in ensuring that patients receive the right medication, in the right dose, and with the necessary guidance for proper use. The field of pharmacy blends science, healthcare, and patient care.

B.PHARM & B.PHARM (Lateral Entry) (BACHELOR OF PHARMACY)

Bachelor of Pharmacy (B.Pharm) is an undergraduate program that equips students with a deep understanding of the pharmaceutical sciences. This course is designed to prepare students for careers in the pharmaceutical industry, research and healthcare sectors by providing them with the necessary knowledge and skills in drug formulation, distribution and patient care.

B.PHARM

- **DURATION** : 4 years
- **SEATS OFFERED**: 60
- **ELIGIBILITY CRITERIA** : Must have completed 10+2 (Science) with PCM or PCB.
Minimum 50% marks in 10+2
- **Minimum Age** : 17 Years
- **AFFILIATION**: Dr. A.P.J. Abdul Kalam Technical University, Lucknow
- **APPROVAL**: Approved by PCI

B.PHARM (Lateral Entry)

- **DURATION** : 3 years
- **ELIGIBILITY CRITERIA** : Must have completed Diploma in Pharmacy (D. Pharm)
Minimum 50% marks
- **AFFILIATION**: Dr. A.P.J. Abdul Kalam Technical University, Lucknow
- **APPROVAL**: Approved by PCI

Course Highlights

- **Pharmaceutical Knowledge:** Understanding drug formulation, safety, side effects, interactions and proper drug administration.
- **Clinical Application:** Understanding how drugs interact with the body and influence disease treatment.
- **Research & Development:** Exposure to drug development, clinical trials and testing.
- **Problem-Solving Skills:** Ability to assess patient conditions and recommend pharmaceutical care.
- **Pharmacy Practice:** Skills to work in hospitals, pharmacies and healthcare settings.

Career Option

- **Pharmacist:** Working in retail pharmacies, hospitals, or healthcare clinics.
- **Pharmaceutical Researcher:** Engaging in research and development for pharmaceutical companies.
- **Clinical Pharmacist:** Collaborating with doctors and healthcare professionals to ensure optimal drug therapies.
- **Drug Inspector:** Monitoring the quality of drugs and enforcing regulations.
- **Quality Control Analyst:** Ensuring the quality safety and efficiency of pharmaceutical products.
- **Regulatory Affairs Specialist:** Ensuring compliance with laws and regulations governing pharmaceuticals.
- **Entrepreneur:** Opening your own pharmacy, medical store or pharmaceutical manufacturing business.

D. PHARM

(DIPLOMA IN PHARMACY)

Diploma in Pharmacy (D.Pharm) is a two-year Diploma course designed for students who want to pursue a career in the pharmacy field. It provides foundational knowledge of pharmaceutical science preparing students to work as pharmacy technicians or assistants in hospitals, clinics, retail pharmacies or pharmaceutical companies.

DURATION: 2 years

SEATS OFFERED: 60

ELIGIBILITY CRITERIA: Admission only through JEEUP Entrance. Must have completed 10+2 (Science) with PCM or PCB.

Minimum 50% marks in 10+2

Minimum Age : 17 Years

AFFILIATION: Uttar Pradesh Board of Technical Education, Lucknow

APPROVAL: Approved by Pharmacy Council of India

Course Highlights

- **Pharmaceutical Practice:** Practical skills in the preparation and dispensation of medications.
- **Patient Care:** Understanding how to assist in patient care including drug administration and monitoring side effects.
- **Pharmacy Management:** Skills in managing pharmacies, including maintaining inventory, handling prescriptions and customer service.
- **Pharmacological Knowledge:** Basic knowledge of how drugs work in the body and their therapeutic effects.
- **Safety and Quality Control:** Ensuring the safe dispensing of drugs, maintaining proper storage and handling of pharmaceuticals.

Career Option

- Pharmacy Assistant: Working in hospitals, clinics or retail pharmacies.
- Community Pharmacist: Managing retail pharmacy services, assisting patients with their prescriptions, and providing advice on over-the-counter medications.
- Medical Sales Representative: Promoting pharmaceutical products to healthcare professionals and institutions.
- Drug Store Manager: Managing the operations of retail or hospital pharmacies.
- Pharmaceutical Manufacturing: Working in the production of medicines and pharmaceutical products.
- Quality Control and Assurance: Ensuring that pharmaceutical products meet regulatory and safety standards.

GMS COLLEGE OF NURSING & PARAMEDICAL SCIENCES

Nursing - is a healthcare profession that focuses on the care of individuals, families and communities to maintain or recover optimal health and quality of life. Nurses play a crucial role in the healthcare system providing direct patient care, promoting health education and supporting other healthcare professionals in clinical settings.

Paramedical Sciences - refers to the field of healthcare that includes a wide range of services provided by healthcare professionals who are not doctors or nurses but still play an essential role in patient care. Paramedics, technicians and other allied health professionals work in collaboration with doctors and nurses to diagnose, treat, and care for patients.

POST BASIC BSc NURSING (PB-BSc) UNDERGRADUATE PROGRAM

Post Basic BSc Nursing (PB BSc Nursing) is a specialized undergraduate program designed for individuals who have already completed a General Nursing and Midwifery (GNM) course and wish to complete their education and career in nursing. This course is focused on enhancing nursing skills, knowledge and leadership abilities allowing nurses to take on more advanced roles in the healthcare system.

DURATION: 2 years

SEATS OFFERED: 60

ELIGIBILITY CRITERIA:

- Candidate must qualify UPCNET, conducted by Atal Bihari Vajpayee Medical University, Lucknow.
- Must Complete 10+2 from recognized State Board
- Have a certificate in General Nursing and Midwifery (GNM)
- Be registered as a Registered Nurse and Registered Midwife

AFFILIATION : Affiliated by Atal Bihari Vajpayee Medical University, Lucknow.

APPROVAL: Indian Nursing Council (INC)

Courses Highlights

Nursing Fundamentals: Focuses on core nursing skills and knowledge.

Clinical Specializations: Includes areas like medical-surgical nursing, pediatric nursing, mental health nursing and community health nursing.

Leadership and Management: Develops skills in leadership, management and administration within the healthcare setting.

Research and Statistics: Introduces research methodologies and statistical analysis relevant to nursing practice.

Career Path

After completing a PB-BSc in Nursing you can pursue higher studies like: Master of Science in Nursing (MSc Nursing), Postgraduate Diploma in Nursing (PGD Nursing), Doctor of Nursing Practice (DNP), Master of Public Health (MPH) and PhD in Nursing.

BSc NURSING

(BACHELOR OF SCIENCE IN NURSING)

Bachelor of Science in Nursing (BSc Nursing) is a four-year undergraduate degree program designed to provide comprehensive training in nursing practices, healthcare management and clinical expertise. This course prepares students to become professional nurses who are equipped with the knowledge and skills necessary to provide high-quality care to patients in various healthcare settings.

DURATION: 4 years

SEATS OFFERED: 60

ELIGIBILITY CRITERIA: Candidate must qualify UPCNET, conducted by Atal Bihari Vajpayee Medical University, Lucknow.

Must have completed 10+2 (Science stream) with Physics, Chemistry, and Biology.

Minimum 50% marks in 10+2

Must be medically fit as per the university's health requirements.

Minimum Age : 17 Years.

AFFILIATION : Affiliated by Atal Bihari Vajpayee Medical University, Lucknow.

APPROVAL: Indian Nursing Council (INC)

Course Highlights:

- Comprehensive nursing education covering anatomy, physiology, pharmacology, and psychology.
- Hospital training and internships in government and private hospitals.
- Hands-on experience in patient care, critical care, and emergency services.
- Opportunities in healthcare sectors such as hospitals, clinics, teaching, and research.

GMS HOSPITAL

Hospitals play a crucial role in the education and training of nursing and paramedical students providing hands-on experience, practical skills and exposure to real-world healthcare settings. These institutions serve as learning hubs where students apply theoretical knowledge to clinical practice ensuring they are well-prepared for their professional roles.

1. Clinical Training & Hands-on Experience
2. Internship & Practical Exposure
3. Development of Critical Skills
4. Research & Case Studies
5. Placement & Career Opportunities
6. Professional Networking & Mentorship
7. Practical Learning with Advanced Medical Equipment

Hospitals serve as real-world classrooms where nursing and paramedical students transform into skilled healthcare professionals. Their exposure to clinical settings, expert mentorship and hands-on experience ensures they are fully prepared to serve the healthcare industry with competence and confidence.

GNM

(GENERAL NURSING AND MIDWIFERY)

General Nursing and Midwifery (GNM) is a diploma-level program designed to train students to become skilled nurses who can provide comprehensive healthcare services to individuals and communities, including midwifery and maternal care. The course focuses on preparing students to handle a variety of patient care situations, from routine nursing care to complex medical emergencies.

Course Highlights

- Patient Care: Providing basic nursing care, administering medications, and assisting in surgeries.
- Communication: Developing strong communication skills to interact with patients and healthcare teams.
- Critical Thinking: Learning to analyze situations and make sound decisions in patient care.
- Community Health: Understanding community health issues and promoting preventive healthcare.

DURATION: 3 years

SEATS OFFERED: 60

ELIGIBILITY CRITERIA:

- Candidate must qualify UPGET (UP GNM Entrance Test) entrance exam conducted by Atal Bihari Vajpayee Medical University, Lucknow.
- The age limit for admission to a General Nursing and Midwifery (GNM)
- 10+2 with a minimum 50% marks (minimum 45% in English) Science (PCB/PCM), Commerce, Science, Arts.

Minimum Age: 17 Years.

AFFILIATION: Uttar Pradesh State Medical Faculty, Lucknow.

APPROVAL: Indian Nursing Council (INC)

ANM

(AUXILIARY NURSE MIDWIFERY)

Auxiliary Nurse Midwifery (ANM) is a diploma-level program that focuses on training individuals to become healthcare professionals skilled in providing basic nursing and midwifery care in especially to mothers and newborns. The course is aimed at preparing individuals which require them to work in community health settings, rural areas or healthcare institutions.

DURATION: 2 years

SEATS OFFERED: 40

ELIGIBILITY CRITERIA: Must have completed 10+2 from a recognized board (any stream)

Minimum 50% marks

Minimum Age : 17 Years

AFFILIATION: Uttar Pradesh State Medical Faculty, Lucknow.

APPROVAL: Indian Nursing Council (INC)

Course Highlights

- Training in maternal and child healthcare, first aid, community health and patient care.
- Internship in primary health centers, hospitals and rural healthcare units.
- Job opportunities in government hospitals, community health programs and NGOs.
- Focus on women's health, midwifery and basic nursing care.

- The course teaches the candidates about the various rehabilitation techniques that the patients have to be treated so that they can return to their normal lifestyle.

DIPLOMA IN X-RAY TECHNICIAN

An X-ray Technician, also known as a Radiologic Technologist is a healthcare professional who uses imaging technology, including X-ray machines to assist in diagnosing and treating various medical conditions. X-ray technicians perform diagnostic imaging procedures that help doctors examine internal structures of the body such as bones, tissues and organs.

DURATION: 2 years

SEATS OFFERED: 30

ELIGIBILITY CRITERIA:

- Must have completed 10+2 (Science stream) with Physics, Chemistry, and Biology.
- Physics, Chemistry, Maths with 50% marks in Intermediate exams. (From UP board or any other recognized board).
- Candidate must have completed age of 17 years of age as on 31st December of admission year. There is no maximum age limit for the admission
- Must be medically fit as per the university's health requirements.

APPROVAL: Uttar Pradesh State Medical Faculty, Lucknow.

Course Highlights

- The Diploma in X-Ray Technology provides students with a comprehensive knowledge of medical imaging equipment including X-ray machines.
- The program encompasses a robust curriculum covering various theoretical and practical subjects. It also includes specializations in Magnetic Resonance Imaging (MRI) Mammography, Computed Tomography (CT) and Interventional Radiography.

DIPLOMA IN OPTOMETRY

Optometry is a healthcare profession concerned with the examination, diagnosis and treatment of visual problems and eye diseases. Optometrists (O.D.s) are healthcare professionals who specialize in providing primary vision care including vision tests, prescription of corrective lenses (glasses and contact lenses) and management of eye health.

DURATION: 2 years

SEATS OFFERED: 30

ELIGIBILITY CRITERIA:

- Must have completed 10+2 (Science stream) with Physics, Chemistry and Biology.
- Physics, Chemistry, Maths with 55% marks in Intermediate exams. (From UP board or any other recognized board).

- Candidate must have completed age of 17 years as on 31st December of admission year. There is no maximum age limit for the admission

- Must be medically fit as per the university's health requirements.

AFFILIATION: Uttar Pradesh State Medical Faculty, Lucknow.

Course Highlights:

- The Diploma in Optometry is a two-year program that provides students with the knowledge and skills they need to work as optometric assistants or technicians.
- The course covers a wide range of topics including anatomy and physiology of the eye, visual optics, refractive errors, ocular diseases, contact lenses and dispensing of eyeglasses.

STUDENTS SPEAK PHARMACY

A "GMS College of Pharmacy has provided me with an excellent academic foundation. The professors are knowledgeable and always ready to guide students. The well-equipped labs have given me hands-on experience I needed to excel in my studies."

Anushka Man, B.Pharm 1st Sem.

One of the best things about GMS is its industry exposure. We get to attend guest lectures and visit pharmaceutical companies, which has helped me understand real-world applications of pharmacy concepts.

Dhruvika Chaudhary, B.Pharm 1st Sem.

The research opportunities here are amazing. I was able to work on a research project under the guidance of experienced faculty, which has boosted my confidence and skills.

Rushdra Khan, B.Pharm 8th Sem.

"I extend my thanks to faculty, staff and placement department of Pharmacy for their efforts due to which I could start the journey of my career successfully."

Shayba Saifi, B.Pharm 1st Sem.

"I appreciate the efforts of the placement cell at GMS. They conduct training sessions, mock interviews, and help us secure internships and job opportunities in reputed pharmaceutical companies."

Shreekant Chaudhary, B.Pharm 6th Sem.

"The student-friendly atmosphere at GMS makes learning enjoyable. The faculty and staff are always supportive, and we have a great sense of community among students."

Faheem Ahmed, B.Pharm 8th Sem.

"Apart from academics, GMS College of Pharmacy encourages extracurricular activities like sports, cultural events and student seminars making college life exciting and well-balanced."

Aditya Cheema, B.Pharm 1st Sem.

"The curriculum is well-structured covering both theoretical and practical aspects of pharmacy. I feel well-prepared for my future career in the pharmaceutical industry."

Fareen, B.Pharm 8th Sem.

"The laboratories are top-notch allowing us to perform experiments and understand pharmaceutical processes in depth. The hands-on training is one of the best aspects of studying here."

Devendra Singh, B.Pharm 8th Sem.

"GMS College of Pharmacy offers a great learning experience at an affordable cost. The quality of education, faculty support and infrastructure make it one of the best college for pharmacy."

Saniha Khan, B.Pharm 6th Sem.

STUDENTS SPEAK NURSING AND PARAMEDICAL SCIENCES

"GMS College of Nursing provides top-notch education with experienced faculty who guide us at every step. The clinical training has been excellent helping me gain real-world experience in patient care."

Shikha Nigam, BSc (Nur) 2nd Sem.

"I love the hands-on training we receive here. The college has well-equipped labs and tie-ups with reputed hospitals, ensuring that get practical exposure to real medical scenarios."

Danish Khan, BSc Nursing 2nd Sem.

"The faculty members are very supportive and always encourage us to do our best. Their dedication and expertise make learning easy and enjoyable."

Arshi Mansoori, BSc (Nur) 6th Sem.

"GMS College offers great internship opportunities in hospitals, which have given me confidence and experience in handling patients. This has been one of the most valuable aspects of my education here."

Adeeba, OT Technician

"The library is well-stocked with the latest medical and nursing books, making it easier for us to research and enhance our knowledge. The digital resources are also very helpful."

Nirmal, Diploma in Physiotherapy

"The clinical postings at GMS have given me exposure to different departments in hospitals. This practical training has strengthened my skills and prepared me for a career in healthcare."

Kashish, Diploma in Physiotherapy

"I appreciate the emphasis on soft skills and communication training at GMS. As a nursing student, these skills are crucial, and the college ensures we are well-prepared to interact with patients and medical professionals."

Nipendra, Diploma in O.T. Technician

"The infrastructure at GMS is excellent. The classrooms, labs, and hostel facilities provide a comfortable learning environment, making it an ideal place for nursing students."

Sheeba, BSc Nursing 6th Sem.

"The extracurricular activities, health camps, and workshops conducted by GMS helps us learn beyond textbooks. It's a great place for all-round development."

Khushi Sindhu, 5th Sem.

"GMS College of Nursing offers the perfect balance of theory and practical training. The supportive environment and strong focus on career growth makes it one of the best colleges for nursing and paramedical sciences."

Gurvender Singh, 5th Sem.

ALUMNI CORNER

Faisal Sabri

Onco Care Cancer Hospital

"GMS College of Pharmacy, Amroha, provided me with an excellent foundation in pharmaceutical sciences. The experienced faculty and well-equipped labs helped me to develop both theoretical and practical skills which played a key role in securing my current job in the pharmaceutical industry."

Harshit Chaudhary

Corrohealth Infotech Pvt. Ltd. Noida

"The hands-on training at GMS College of Pharmacy gave me real-world exposure to patient care. The college's tie-ups allowed me to gain practical experience, which made my transition into professional confidence."

Rehan

Corrohealth Infotech Pvt. Ltd. Noida
